To the Hon^ble General Assembly now sitting.

Your committee appointed to take under consideration the Second Article in the Arrangement Report that they find there are about Eight or Ten Persons annually convicted in this State before the Supreme Court whom we consider would be proper persons to be sent to a Work House That large Bills of Cost are continually arising to this State for the keeping of said Convicts after Judgement your committee therefore would recommend to the Legislature that there be built a strong Prison and Work House about one Mile North West from the Court House in Rutland at the Cost of the State and that One Thousand pounds be appropriated for that purpose and that a committee be appointed to lay out said Money and to Erect said Building, and make report of their doings to the next Session of Assembly all which is Submitted by your Committee
